U. F. A.

The important meeting of the Breckenridge, Howell, East Springs and Harvest Valley locals will be held in the Howell school house, on Saturday, February 21st, at 2 p.m.

All farmers and farm women, whether U.F.A. members or not, are requested to attend.

Teen Age Boys

Concert a Success

Another proof of the necessity for increased accommodation at the Presbyterian church was furnished last Tuesday evening when the present building was taxed to its utmost to accommodate the large crowd which turned out to the teen age boys' entertainment given on that occasion. Every available space was occupied and even the vestibule and vestry were reduced to standing room only.

The singing of the program and other business in connection with the entertainment were left entirely in the hands of the boys themselves and so carefully did they attend to every detail that their concert was one of the most successful of the season.

The program was well balanced and of such a variety as to leave nothing to be desired.

Every item was well rendered but the special number in due to the boys' drill the boys' drill and the orchestra. In these the teen age boys and girls took part themselves, much to the delight of the audience.

The boys expect to clear something in the neighborhood of \$55.00 as a result of their venture.

To Organize Western

Colonization Assos.

The first steps in the organization of the Western Canada Colonization Association, a body which aims at the concentration of the efforts of the four western provinces in an aggressive colonization scheme backed by a subscribed fund of half a million dollars were taken at a recent meeting of the special committee of the Alberta Municipalities held in Calgary. The meeting, which was attended by representatives of the various cities of the province, the Board of Trade and the Alberta Industrial Development Association, drafted a number of resolutions which outline the proposed organization and will be forwarded to the convention which is being called to deal with the matter in Edmonton on February 16th in conjunction with the general yearly meeting of the Alberta Industrial Development Association. Invitations to this meeting are being sent broadcast through the province, the limited time available requires it certain that many of those interested will not receive notice. The committee has issued a general invitation through the press to all interested in the colonization of the country to be present at the Edmonton meeting on February 16th.

They Are All After

Irrigation Now

Not one vote was recorded at Hayden against the project to form an irrigation district to provide irrigation for 95,000 acres in the Raymond, Magrath and Stirling districts. The vote when the polls closed stood at 350 to nothing.

The new district will take in farm-land representing a total area of 150,000 out of which the projected irrigation system will irrigate 95,000 acres. Though the system will be government owned, it will practically be an extension of the old A. R. and I. system which has been in operation for years in the Raymond district.

Koreans Fore Japs

To Leave Korea

Northern Korea has been evacuated by the Japanese. It is claimed in a wireless dispatch from Moscow quoting an Omsk message. The population was to be sent to Japan or to China territory. It is declared. The Omsk message as given in a Bolshevik wireless says that on February 6th, heads of Koreans related in Chinese territory crossed the frontier and attacked the Japanese. Masses of the population are joining the revolution. It is added the Japanese are retreating, evacuating northern Korea.

THE NEW

OUR SLOGAN: An Industrial Metropolis of Industrious People Who Pull Together.

REDCLIFF, ALBERTA—THURSDAY, FEB. 12, 1920.

Another Concert

On Sunday Evening

Encouraged by the success of their first concert, the members of the U. F. A. officers have decided to have another one, next Sunday evening, Feb. 15th.

On this occasion the Redcliff Citizens band will be present to render selections during the evening. The following is the program as arranged:

1. O Canada.
2. Selection by the Band.
- (a) March, "Brennan's," Munn King.
- (b) Waltz, "Alpine Sunset," Munn King.
3. Vocal duet. Selected Messrs. Klink and Hitchen.
4. Mandolin solo. Selected Mr. H. C. Colton.
5. Vocal duet. "Sweet Wild Rose" Mrs. Stone and Miss Fowler.
6. Selection by the Band, "Merrymore" from Il Trovatore. Verdi.
7. Quartette. Selected Misses Fowler and Welliver, and Messrs. Klink and Hitchen.
8. Vocal Solo. Selected Miss Violet Gilman.
9. Selection by the Band, "Glo's Pile."
10. Vocal Selection. Selected Mrs. Stone.
11. March. "Carrollton" by the Band.

For this concert a special collection will be taken at the end. Clip this program out and take it along with you.

U.S. CITIZENS TO

MAY BECOME

NATIONALIZED

War Time Legislation Causing Delay Has Been Lifted—Parties Also To Be Legalized.

Citizens of the United States now naturalization certificates held up to some time by reason of the action of the United States government, will receive certificates entitling them to Canadian citizenship without further delay. Some 2,000 United States citizens, domiciled in Canada, are affected by the delay consequent upon the difficulty over the issue of certificates has caused great hardship to many of these. Farmers have been unable to acquire title to their lands, and businessmen have been unable to secure passports to enable them to leave Canada for overseas.

The state department in the United States, through the country office here, has informed to the state department at Ottawa that it would be illegal for any of her nationals to expatriate themselves by becoming citizens of any other country, and further that the United States would not recognize any certificates of naturalization obtained by the state department at Ottawa has had some 20,000 applications for naturalization and passports pending, as a result.

The United States being now only technically at war, the secretary of state for Canada, Hon. A. L. Bifton, has informed the United States state department that Canada will issue passports to those men who have been invited to enter the country under the state department for naturalization certificates dealt with instead of being longer deferred.

Double Rentals on

Oil and Gas Leases

An order-in-council has been issued doubling the rental on oil and natural gas locations in the western provinces and giving the minister of the interior greater control over oil and gas development.

The rental in future will be 50 cents per acre for the first year and one dollar for each subsequent year, such increase to apply on all applications submitted after March 1, 1920.

50 of the petroleum and natural gas regulations is contained and the following clause substituted therefor:

"A company acquiring by assignment or otherwise, a lease under the provisions of these regulations, shall be a company registered or licensed in Canada and having its principal place of business within her majesty's dominions."

Tappers from Port McMurtry with the first of their catch report that milk and manure are being taken in great numbers, and that manure is fairly numerous.

MONEY RAISE FOR

FORWARD MOVEMENT

TO BE START HERE

Presbyterians Have Made Arrangements to Have Their Contribution to Fund Apply on new Church—Will Start Drive Feb. 23rd.

Our readers are no doubt, all aware of the fact that the great Forward Movement is now in progress all over Canada. This movement is an effort on the part of five religious bodies—Anglican, Baptist, Congregational, Methodist and Presbyterian—to rouse their people to a livelier grasp of Christian principles in every day life. These churches have in Canada Canada over 10,000 congregations and 1,000,000 communicants. They touch or are related to nearly one-half the total population of Canada.

The churches concerned are prompted in this movement because modern business, modern pleasure and modern amusements have taken the place of the old spiritual things. Because materialism is so prominent in the works of the church and the church is leading to general spiritual bankruptcy. Because in almost every church about 10 per cent of the membership are doing the actual work and most of the spiritual life. Because new conditions in Canada and in the world make it necessary for Christians to work at their spiritual profession as ardently as they work at their business.

In the great drive which is now in progress each denomination alone mentioned in allotted a certain amount of money to be raised for carrying on the work of the church. Among the work to be undertaken by the money so raised are the building of churches and manse, additional Sunday school accommodations for the children of "new Canadians," to provide settlements and institutions in our more congested centers of population, to establish hospitals or hospital units in frontier districts, to provide redemption ransoms to give a second chance to the unfortunate girls, to purchase building sites where religious work must be undertaken in the near future and so on.

Information Wanted

From Returned Men

The militia authorities are desirous of obtaining the present post office addresses of officers, warrant officers, and non-commissioned officers of the following branches of the service, who have served in the Expeditionary Force overseas, viz: Canadian Field Artillery, Canadian Army Service Corps, Canadian Engineers, Canadian Army Medical Corps, and Canadian Army Veterinary Corps.

Those who are desirous of joining new units to be organized in Alberta are invited to send, in addition to the post office address, their rank, name and C. E. F. unit, previous military unit and indicate the spirit of the militia they are now desirous of joining. The re-organization of the militia is now proceeding and officers and other interested are requested to communicate with the A. A. & M. G. headquarters, M. D. 13, 18, Avenue, Calgary.

A number of officers who were demobilized elsewhere than in Alberta have been contacted and applications for transfer to C. E. F. reserve and completing the War Service Return. Necessary forms can be obtained on application to Headquarters M. D. 13.

BIRTH.
McLEAN—In Redcliff, on Saturday February 12, 1920, to Mr. and Mrs. P. O. McLean, a son.

UNANIMOUS VOTE

FOR IRRIGATION

Farmers of Raymond, Magrath, Stirling and Welling districts, representing 100,000 acres of land, voted in favor of the erection of an irrigation district. The vote was 350 for and nothing against. There are about 100,000 acres irrigable in this district, the ramp of the Liberte.

From this it must be seen that the great Forward Movement should be the personal business of every man, woman and child in Canada, who has the interest of the country and its people at heart.

Since one of the objects of this movement is the building of churches where such are necessary to carry on the functions of the church, arrangements have been made in several localities in the west whereby any money raised for this purpose may be expended in the locality in which such money are raised. As the Presbyterian congregation in Redcliff has been contemplating building a new church for some time, arrangements have been undertaken by this ruling body here. As a result when the drive is under way, a contribution from here all the money subscribed will be used for building the proposed new church in Redcliff and the amount raised will be credited in this town for the Forward Movement scheme.

Owing to unforeseen obstacles the Presbyterian church in Redcliff was unable to undertake the drive this week as had been intended by the head organization of the movement. Instead the managers of the church have found it necessary to postpone the drive until the week commencing Monday, Feb. 22nd. At that time a systematic canvass will be made of the town and an objective of \$2,500.00 has been set for that occasion. It is hoped that this amount, together with other funds already in sight from other sources will be sufficient to erect a church which will meet the requirements for some time to come.

It is to be hoped this will meet with approval of the community and the canvassers will meet with a liberal response from the citizens when and on.

CHURCH NOTICES

PRESBYTERIAN CHURCH.
Rev. Wm. Shearer, D. D., pastor. Morning service at 11 o'clock; subject of discourse: "Temptation." Evening service at 7 o'clock; subject of sermon: "What Means This Strange Communion, Pray?" Sunday School at 1:45 p.m.

CATHOLIC CHURCH.

Unit further notice services will be held in Crow's hall on the fourth Sunday.

CHURCH OF THE BRETHREN.
Morning and evening services and Sunday school will be held as usual here. In the evening the so called of illustrated lectures on the old land will be continued.

CHURCH OF ENGLAND.

Holy communion 11 a.m., Sunday school 12.15 p.m., Evening 7.30 p.m. Next Wednesday is Ash Wednesday, the last day of Lent. There will be holy communion on that day at 10 a.m.

Services for children at 4.15 p.m. and 7.30 p.m. The Forward Movement canvass is well under way, and most encouraging reports are being received. Let us hope that all will do their best this week toward winning the world to Christ.

New Political Party

Is Now Suggested

Under the caption "The Political Situation," the Montreal Gazette, a paper which the Liberte has a subscription to, the Union government, publishes an editorial advocating the establishment of a new political party which shall combine and form into a dominant party "the political forces antagonistic to the fiscal policy of the United Farmers of Canada." There are about 100,000 acres irrigable in this district, the ramp of the Liberte.

Short Session of

Council Last Monday

A very short session of their town council was held in last Monday night in regular session. Mayor Batt occupied the chair and the following councillors were present: Messrs. Worsell, Leamonth, Kestis, Boughton and Stone.

After the reading and adoption of the minutes of the previous meeting, an account was read from the Brick & Coal Company for \$25.00, for work done some time ago in connection with a survey for a pipe line for the town's water supply from the pump station. This account was ordered paid.

A communication was read from the chief of police of Medicine Hat stating that their recent losses did not include hotels.

A letter, signed by a number of the town employees, asking for an increase in salaries, was read. The letter was referred to the finance committee to investigate and report at the next meeting of the council.

There being no further business the council adjourned.

FARMERS READY

TO PAY HIGHER

IRRIGATION COST

Farmers of Lethbridge Northern Irrigation District Want the System at Any Cost.

Though the cost per acre for irrigation in Lethbridge northern district averages as high as \$50 an acre, the farmers of the district are apparently willing to pay the price. This is indicated in a census taken last week of the farmers in the district, by the Lethbridge Board of Trade. About 144 replies received on that day, six were opposed to the higher price. The project as at first outlined was estimated to cost about \$27 an acre, but since then the estimates have been revised, and Geo. Anderson, the irrigation expert engaged by the provincial government to report upon the project, has, in his report, placed upon the cost of the district at \$50 an acre, allowing for two years' interest. This is the outside figure, and the farmers are apparently quite willing to go the limit. James Ross, secretary of the board of trade of Lethbridge, made the statement that some of the farmers indicated that even though the cost was \$50 an acre they wanted the irrigation.

Farmers Get Benefit

Of Advanced Prices

There are numerous inquiries from farmers who sold their wheat, as well as from farmers who are still holding theirs, as to whether they are going to be paid the 25c cent high price which the Canadian Wheat Board is charging farmers for wheat since January 31.

A member of the board gives the following answer to this inquiry: "The cash advanced payment to the Ontario and Quebec producers remains unchanged to June 30, by order of the board, so the producer who sold his wheat last September and October gets the same advanced payment in cash as the producer who holds his wheat until after next May 1 or June, the only difference being that the latter has a cost of production, insurance, etc., during the time he carried his wheat."

The Air Research

Appoints Commission

The research council has appointed an air research commission with a membership of four, with a large association throughout the Dominion to advise and co-operate with the air board of the Dominion on the lines of research in connection with the war.

This commission will report on the possibilities for this work in Canada, and will also be responsible for the investigation independently also.

John M.E. Bowman, head of a group of six of New York's largest newspapers, that Canadian grain would be accepted at 100 cents on the dollar at his hotel in Vancouver. Canadian wheat will be sold at the Bowman hotel at their face value.

NOTES.

The week-end dance in the club room next Saturday evening under the auspices of the L. A. will be a St. Valentine's dance. Admission 75c; ladies free.

A dance will also be held in the club room on Friday evening, Feb. 27th. For this dance tickets will be \$1.00; extra ladies 25c.

Recs in which the St. Patrick's dance to be given in Red's hall on March 17th, under the auspices of the L. A. Full particulars will be given later.

The regular monthly meeting of the L. A. will be held on Wednesday, Wednesday of each month in future, instead of the first Wednesday.

Will Devote Energies

To Rolling Mills Here

A slight hitch to the furnace in the own heart department of the Rolling Mills is interfering with work at that plant this week. Owing to the constant use the furnace burned out and the roof caved in. The delay in operations, however, will be very short as the repairs are now being made and it is expected that the furnace will start operations in this department again next week.

During the past week Mr. Kennedy, president of the Rolling Mills company, has sold out his plant in Collingwood, Ont., and we are informed it is his intention to exert his energies in the enlargement and development of the plant here. A number of proposed improvements in the plant here are under consideration at the present time and a busy season is anticipated.

Alberta Farmers

Ready for Action

"That the provincial cabinet are now pretty well posted as to the farmers' action on a variety of subjects, is indicated from a remark of H. W. Wood, president of the U.F.A., who was in Calgary Saturday morning. He stated that in all 45 resolutions passed at the recent convention were presented by the delegation that traveled up to Edmonton this week.

"Did the cabinet have a study?" Mr. Wood was asked.

"Well, not exactly," he replied. "Things aren't about pretty good."

He stated that no draft act was presented in connection with any of the resolutions it was more a question of discussing them with the cabinet so that the latter might be well posted as to the farmers' views on various subjects.

"What did the government say in regard to the E. D. & C. Railway?" asked the newspaperman.

"The government is as much concerned as anyone," said Mr. Wood. "They realize that something has to be done. I expect there is a pretty knotty problem," he said.

What is the U.F.A.'s present position in connection with politics? He stated that this was put to Mr. Wood. The president stated that in each federal election the U.F.A. has a question that was put to Mr. Wood. IF ALL TURN AT ONCE.

At the present time the words, "the high cost of living," are on the lips of almost every person one meets. And it is no wonder. A few minutes with a pencil and piece of paper reveals horrible facts and makes one wonder where it is all going to end. It there is any truth in the saying that "miserly like company," it may be some consolation to know that this condition is not by any means local, but rather that it is world wide.

The unfortunate part of existing conditions appears to be that those who are least to blame for these conditions are the ones who are suffering most, and they are the common, ordinary every-day people known as the middle class who form the large majority of every country. They are the class who are the mainstay of every community and the ones most interested in the development of that community along social, moral, physical, intellectual and industrial lines. To develop along these lines requires both the money and the time of those interested in that line of work. Since, then, this class is being made the goat for every wild dream and wily scheme of all other combined organizations from our governments down to our Bolshevists, is it any wonder that development along lines so essential to the building up of a country on solid foundations, is being neglected.

It is said "The worm will turn." If the worms will take a lesson from the four men who slept in one bed and all turn at the same time there will be something doing—and not till then.

ANOTHER SUGGESTION.

Now that the local branch of the Great War Veterans Association is playing such an important part in the social and important life of the community, we might suggest another movement on their part, which, if acted upon, would fill a need in town that has been brought to our attention on a number of occasions. That is by opening up their club rooms for certain nights of the week for those who are not members, yet who would be willing to pay a fee in order to be able to take advantage of the comforts of these rooms and meet with friends in a social way.

At the present time there is no such meeting place as this in town and as a result young men, especially those who are away from home, have no comfortable, convenient place to spend their leisure hours. We have no doubt that if something of this nature could be arranged it would not only be profitable for the G. W. V. A. but would be serving a want in the community.

The fact that the exchange rate between Canada and the United States is beginning to worry some of the American merchants who find orders from Canada dropping off as a result, was emphasized in Quebec by a letter received by a Quebec jeweler from the manufacturers of cutlery and silver ware of New Britain, Conn. Other evidence that the situation is causing some anxiety on the other side is the fact that several large American firms are opening up accounts in Canadian banks and allowing their Canadian customers to make payments to these banks where they are given credit for one hundred cents on the dollar. New York hotel keepers are also accepting Canadian money at par.

Last week we published a social item which was sent in to us through the mail and since it appeared in the paper we have been informed by one of the parties concerned that the event in question never happened. As the article referred to was signed by what we presumed was the author, we published it in good faith. We have reason now to believe that the report was not only false but that the names signed to it was a forgery. This is a serious offense for the one who committed the forgery and is punishable by a heavy fine. In future it is our intention to expose any who try to get away with any of this kind of stuff. It might be well also if any who wish to have articles appear in this paper either to telephone them in or call at the office with them.

The fellow who goes out with the boys and is considered by them a good spender is not the only one who loses money by being a good fellow. Sometimes a newspaper man loses considerable cash by being loyal to his customers. This is brought to mind because of the fact that last week the Review turned down a tempting offer from a catalogue firm for a large amount of our advertising space. It was because we believe in and preach the gospel of supporting local merchants and thereby helping to build up our own town that we had to pass up this tempting offer.

The prediction is made that 1920 will see greater capital investments than for several years past. These will be made in industry, agricultural and national undertakings. Redcliff should get busy and not let all this money go to other towns and cities. With our natural resources it should be comparatively easy to induce some of these investors to place some of their money here, especially in an industrial way. We will soon see how the hand of one rail road when the C. N. R. completes its line into Redcliff this year, which will greatly improve our transportation problems.

This town is badly in need of a doctor, and while efforts are being made to get one to locate here, we would urge those interested not to slacken their efforts. Several accidents have occurred this week, and one man was so badly hurt that he nearly had to die before he could be taken to Medicine Hat.

Many Suggestions in Speech From Throne

London witnessed for the first time since 1914 the ancient ceremony of a state opening of parliament with all its traditional pageantry.

King George, Queen Mary and the Prince of Wales, who accompanied the royal couple for the first time at such a function, proceeded from Buckingham Palace to Westminster in state carriages, escorted by mounted Life Guards. The royal party was received by members of the two houses of parliament in the House of Lords, where King George read the speech from the throne.

Serious consideration of economic conditions throughout the country was urged in the speech. The king, however, counselled patience in the passage of far reaching reforms, which,

he said, were necessary to meet abnormal conditions. Better educational facilities, settlement of the Irish question, adjustment of coal mining, conservation on an enduring basis, and the regulation of the liquor traffic were asked for by King George, who also advocated the passage of measures, stimulating the growth of more foodstuffs at home. He said bills would be introduced in parliament dealing with insurance unemployment, regulation of working hours, minimum wages and anti-lumpings.

The vote on the formation of the Southern Irrigation district will be taken Friday, 7th. The place of the voting has been set at the town office at Raymond. This proposed district comprises about one hundred and ninety thousand acres in the Raymond, Maybush and Stirling districts. The source of water supply will likely be the St. Mary's river.

Big Developments in Evangeline's Land

The new Dominion Atlantic Railway Passenger Station at Bridgetown.

Not only is the Canadian Pacific Railway making advances in accordance with the necessities of the times, and providing every modern improvement for the convenience and comfort of the public, but all its subsidiary lines are similarly progressing. The Dominion Atlantic Railway, which serves a large portion of Nova Scotia and runs through the beautiful land of Evangeline, now owns and operates The First Hotel at Bridgetown, providing fine accommodations for the large numbers of tourists who visit the district. A new night service between Halifax and Yarmouth has recently been inaugurated. This night service leaves Yarmouth on Sunday, Wednesday and Saturday evenings, and Halifax on Sunday, Tuesday, and Friday, and marks one of the most important developments since the through line of railway from Yarmouth to Halifax was opened in 1917. The interest of the public in that line is so constant that passenger service, but only carloads of through merchandise are carried.

Who is a firm of tourists over the Dominion Atlantic Railway, at the end of November last, Mr. G. H. Hall, vice-president of the C. P. R., O.A.R., expressed the desire to have the O.A.R. equipped in the near future with steel rails much heavier than those at present laid. He said that this work would probably be undertaken when the effects of war conditions had disappeared. Important improvements are being carried out along the line and arrangements are progressing for the erection of a new station at Bridgetown which will provide the most up-to-date facilities for touring and other traffic and add considerably to the beauty of the town. It is estimated that during 1919, 60,000 tourists visited Nova Scotia and spent there about \$1,000,000. Recently a new station was opened at Bridgetown, which is a handsome building 24 ft. x 66 ft. with 20 ft. overhang on each end and has in front a large walk 800 feet long and 15 feet wide.

The building is very convenient and designed to have a complete basement. The outside finish is stone on a frame-lath, covered with white painted stone, with mosaic finish above and below. The roof is asphalt. The building consists of a main room, 20 ft. x 21 ft., office 10 ft. x 14 ft., ladies' waiting room 16 ft. x 24 ft. and baggage room 54 ft. x 10 ft. The inside finish is of Douglas fir and arch, finished in the natural wood. The ceiling and side walls are sand finish tiled in cream. There are also up-to-date conveniences and the heating plant consists of a Chamberlain hot air furnace manufactured and installed by Mr. B. H. Hall, of Bridgetown, who also supervised the planning. The inside and outside decorating was in charge of Mr. Harry Stanton. The whole work, including the interior and exterior, cost 20 ft. x 66 ft., on the

Exchange Increases Cost of Implements

An important department of western trade in which the effects of the great changes in the financial relations between the United States and Canada has made itself felt, is in farm machinery. The prices of almost all farm implements have been increased by 25 per cent and other implements are inevitable if the present premiums on line funds continue for any length of time. Deliveries from \$1.00 to \$12.00 made in 1919 have been cancelled and during the past few days prices have gone back to the higher prices quoted at the close of 1918.

Interesting Figures On Britain in War

Ordinary figures are dry and uninteresting but that cannot be said of the statistics made by British statisticians concerning the man power contributions of the various allied nations in the great war. The story speaks with an eloquence more effective than the peroration of the most gifted orator.

During the war it was said by unfriendly critics that Britain was leaving the hard work of the campaign to the continental allies, saving merely her own sons. The record shows differently. Total casualties among the British in India and overseas dominions were 613,415—20 per cent of the total effective; total casualties among the men from the British Isles were 1,881,166—22 per cent of the total effective. Men from the British Isles were not spared, nor did they spare themselves in the war.

Though it did not need figures to show what British armies were doing in the victorious drive of 1918 against the enemy, one gets a very good idea from the record of prisoners taken and guns captured by allied forces from July 18 to November 11 of that year. In that famous drive a total of 193,000 prisoners and 6,348 guns were taken. British forces took approximately 51 per cent of the former and 40 per cent of the latter; French troops 34 and 22 per cent; American troops 11 and 12 per cent, and the Belgians .03 and .07 per cent.

In addition to this fine record in France and Belgium, the British had 80,000 troops fighting with the Italian and against Austria and they captured 30,000 prisoners. Also with 400,000 troops Britain in 1918 faced and defeated the Turkish army in Palestine, utterly destroying it and taking 80,000 prisoners. And then there is the navy which is another story. Truly in the great war now ended the British people have a record of what they have no need to be ashamed. They played the game true to their best tradition, with results that do shame inflexible critics, as the record shows.

The Redduff Review

Liquor Sale Receipts Total \$1,862,845

The total receipts, not profits, from the sale of liquor in 1919, as reported in the annual statement of the attorney-general's department, which have now been completed, were \$1,862,845. This represents the entire volume of business that passed through the two vendors' shops in Edmonton and Calgary, including, besides actual sales of liquor, such items as claims against the railway companies, refunds and sale of surplus.

Sales to druggists for the year amounted to \$1,753,935. Of this total Calgary druggists took \$498,959 and Edmonton \$794,942.

The druggists' profits for seven months are estimated at \$498,959, compared with \$400,000 profit that the government itself made in the business for the full year, and \$1,131,760 estimated profits made by the druggists.

Since to the extent of \$66,688 were collected during the year for violations of the Liquor Act. The provisions of the Liquor Act, number 2019. Bills entered numbered 167, in the getting of which the provincial police co-operated with the officers of the island. source, department.

CANADA'S PART IN THE GREAT WAR

The department of Extension, University of Alberta, has secured a limited supply of a concise and interesting pamphlet, published by the Department of Public Information at Ottawa, entitled "Canada's Part in the War." Every person interested in public affairs should secure a copy of this booklet, while the supply lasts, which will be sent to any resident Alberta on application.

NOTICE

In the Estate of William Cross, late of the Town of Redduff in the Province of Alberta, Deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named William Cross who died on or about the 18th day of October, A. D. 1919, are required to file with the undersigned by the 15th day of March, A. D. 1920, a full statement duly verified, of their claims and of any securities held by them, and that after that date, the Executor will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which statements have been filed. Claims which have not been brought to his knowledge.

Dated this 2nd day of January, A. D. 1920.

Approved,
GEO. W. GREEN, J. D. C.

FRANK BAIRD,
Solicitor for William Henderson, executor.

In the days when interesting people came to Canada to find it freshly interesting, there was nobody could reveal the spirit of the land to them like the man who was the C. P. R. It is said he put Mark Twain of the United States out of business. Why go on a western lecture tour under that name? The premier's guide to the west is the C. P. R. George Ham could transport you to Winnipeg and on the prairies of the Mackenzie in the comfort of a sleeping car. You can't get a better coach? Great news, someone has been told to call them by their first names. He has named matches in kings and potatoes and auto-graphs of his features for advertising purposes of best sellers. There did once seem to be a time when the truly great would not venture to come to Canada without first having got so "fed up" with jokes and royal bodies that he did not mind, for a change, resorting to the personalities of international fame. Mark Twain, whose signature commanded universal power, would not think of forgetting to send his Christmas cards that they would draw of signifying a royal command. He is no very much personage with all kinds of people in whom he arrives in London the court official has to be enlarged to publish the invitation issued by the C. P. R. in the exclusive Morning Post. It feels relieved to know that even if the League of Nations be jeopardized, the official entertainer of the C. P. R. is keeping his health and travelling in his high spirit. This bright thought aristocratic London paper were George Ham is the Mark Twain of Canada. It claims his best are beyond comparison. He will get so down to facts as having originated one joke. He has been as generous with his humor as he has been a profitable acquaintance for professional gentlemen. As he never has patented any of his hisitable jokes he often laughs at them when he hears them on the stage, until he realizes that they were of his own making. Yet may have heard of the Canadian millionaire he looks to Mark Twain. While here the playmate was attacked by brigands from Tennessee. The chief brigand later complained to the police that in the company which had been stolen. It should be added that George Ham was not with his Canadian charge when the watch and chain were stolen. Thousands of persons who have enjoyed seeing Canada have testified to how much their enjoyment was due to his kindly wit and indelible suggestions. They have made tribute to his courtesies he knows so well how to extend in behalf of his railway. But perhaps one of the best tributes ever paid this incomparable humorous chronicler of the railway, was a copy of verses by Mr. Neil Munro, the Scottish author. The verses were George Ham had "treasured" laughter and thousands of miles, when acting as uncle, aunt, brother, father and grandfather to a party of British critics. They think in Britain that not to have known George Ham of the C. P. R. is to have known the Emperor's secretary.

—Winnipeg Telegram.

ITEMS OF LOCAL INTEREST

C. E. Duffield, of Havre, Mont., is spending a few days in town this week on business.

Fred Anderson, of the Box Springs district, has sold his farm there to Mr. Angus, of Medicine Hat.

Another Sunday evening concert is being given by the G. W. V. A. next Sunday evening, Feb. 15th. A complete change of program is assured.

Take a look over The Hicks Trading Co.'s ad, in this issue, if you are looking for bargains now is our chance.

According to Hon. R. H. Grant, minister of education, in the Ontario government, that province is short 2,000 teachers to carry on the education of the children.

F. H. Courtneil, grand president of the Sons of England for this province, made an official visit to the Red Lodge last week end, returning to Redcliff Monday evening.

I am expecting a car of very fine cuts the first of next week. Money can be saved by taking it off the car. Enquire of D. Hollinger or A. E. Cable.

Mrs. Brock, of Welland, Ont., arrived in town last week to join her husband, who has been the accountant in the Rolling Mills here for the past few months.

Mrs. R. S. Hedge is at present in the Medicine Hat hospital where she underwent an operation last Monday. The operation was successful and Mrs. Hedge is now progressing as well as possible.

FOR SALE—Two cows and one pure bred Holstein heifer; also stable and pure bred Barred Rock hens; one sideboard, fancy oak dresser, phonograph, one large writing table, one dining room set and fancy chinaware. Mrs. J. Morgan, Eighth street. 7-2

C. S. Noble, who farms one of the largest wheat areas on the continent, in Alberta, considers that prospects for the coming season are very favorable. The moisture conditions of the fall and winter were in his opinion ideal, and the soil is well saturated. He intends seeding 11,000 acres this spring.

J. W. Mitchell, of Calgary, J. W. Wright, of Medicine Hat, and T. Longworth, of Lethbridge, three members of the Soldiers' Employment bureau, were in town last Monday on business. While here they visited the different industries to secure information regarding the labor situation and prospects for securing employment for men who are now out of work.

While unloading a car of oats at the station here last Friday evening J. F. Bending met with an accident as a result of which he had his right arm broken and side view got a bad shaking up. His team became frightened at an approaching train and in trying to control them Mr. Bending was thrown from the wagon with the above result. None of the injuries, however, were serious and he is now progressing favorably.

D. W. Anderson, of Millersdale, Sask., arrived in Redcliff yesterday on a business trip.

WANTED—Dining room girl. Apply at Redcliff hotel.

Miss Ora Long, who has been confined to her bed for a few days, is now able to get around again.

Men are now busy repairing the G. W. V. A. club room floor so as to put them in better shape for dancing. They will have the work completed for the dance on Saturday night.

The big clearing out sale going on at Gibson & Tupper's store now is attracting big crowds night and day. A big staff of clerks is kept busy serving out bargains. This sale will be carried on all this week.

The members of the literary society in connection with the high school are holding their monthly meeting in Reid's hall on Friday evening of this week. A musical program is being arranged for the occasion.

Little Hugh McGillem, son of Mr. and Mrs. Mrs. McGillem, is at present in the Medicine Hat hospital where he has undergone an operation for appendicitis. Latest reports are that he is progressing favorably.

According to the report of George Anderson, an expert irrigation engineer, commissioned by the Alberta government to investigate further irrigation possibilities in the southern part of the province, there is a sufficient available water supply to warrant an outlay of \$200,000.

Alberta's production of creamery butter this winter is considerably greater than that of previous years, the increase being at least 25 per cent. Some creameries are shipping double the output of a year ago, due to the ever-increasing interest in dairying among the farmers of the province.

Reid's hall was taxed to capacity to accommodate the crowd which attended the dance last evening under the auspices of the A.M.S. Society. It was one of the biggest and jolliest crowds of the season and the event was one of the most successful. Great interest was taken in the drawing for a fancy cushion. This was won by Herb Johnson. Among those present were a number from Medicine Hat.

TO RENT—150 acres of land for spring crop; located one and one-half miles west of Redcliff post office. Inquire of Jacob Landis. 6-3

Mrs. A. Woods, maternity home, 323A Broadway street, Medicine Hat. Fully modern; close. Phone 3974. Terms \$2.50 to \$4.00.

FOR SALE—Tractor and 3-horse P. O. Plow, all in A1 condition; cheap for cash or will trade for cattle. Apply to E. W. Paucet, Box 114.
